Dear Sylvia,

On behalf of the North Vancouver Canada Day Committee, I would like to thank you for your contribution to this year's North Vancouver Canada Day Celebrations at Waterfront Park. Your participation at this event has made it another successful and memorable year.

Despite the uncertainty of rain this was one of our most successful years of organizing the event! The high attendance despite the unpredictability of the weather further strengthens the popularity of the event amongst the community and its residents. Your support and contributions has made this possible.

Our campaign of making Canada Day green was extremely effective. At the end of the event once all of the recycling and garbage was sorted, all we had was just over half a bag of garbage. Everything else was recyclable or compostable. It is with your support and commitment to this issue which made our campaign successful.

We are always looking for ways to make the event even more enjoyable and entertaining for next year. Please feel free to send us any feedback or suggestions you may have for the event.

We look forward to seeing you again next year.

Sincerely,
